

Public Involvement
Idaho Advertising

EnergySolutions LLC, held public information meetings in 3 locations, including Idaho Falls. A ½ page advertisement was published in the *Post Register* on Sunday, April 8, 2007, Monday, April 9, 2007, and Tuesday, April 10, 2007.

**The Department of Energy (DOE) chose EnergySolutions
to conduct siting studies of land in Atomic City, ID
to host facilities associated with the
Global Nuclear Energy Partnership (GNEP) initiative**

✓ **GROWTH** ✓ **JOBS** ✓ **STRONGER INFRASTRUCTURE** ✓ **CLEANER ENVIRONMENT**

GNEP can help facilitate the increased use of safe, clean nuclear power, which is important for the environment and for our nation's efforts to lessen our dependency on foreign sources of energy. A siting study for recycling used nuclear fuel is being performed in Atomic City, Idaho.

- The proposed site meets the required area for hosting GNEP facilities.
- Field crews have already conducted baseline ecological surveys including photographic documentation of wildlife/vegetation.
- Field surveys were conducted to collect relevant information on natural and cultural resources.

**PUBLIC INFORMATION
MEETING**

Tuesday, April 10, 2007

6:30 - 9:30 pm

Red Lion Hotel

475 River Parkway, Idaho Falls

EnergySolutions will be on hand to answer any questions you may have. These informal Public Involvement Meetings are being held to raise awareness of the scope and type of facilities that GNEP will require.

We believe it is necessary to give the public an opportunity to:

- 1) be informed about the impacts of a recycling facility and
- 2) have a forum to both ask questions and voice concerns about the project.

Community support is essential and can only be achieved by open and honest communication with the public.

gnep.gov

GNEP - utilizes *Yucca Mountain* more efficiently - combats global warming
- lessens dependence on fossil fuels - builds a secure energy future for the U.S.

The *Idaho State Journal* advertised the Pocatello meeting on Sunday, April 8, 2007, Tuesday, April 10, 2007, and Wednesday, April 11, 2007. Due to an error by the *Idaho State Journal*, the ad was not published on Monday, April 9, 2007, as was approved.
